

Our Vision

We want to create a future in Purbeck that is better for everyone.

To live, work in and to visit.

A future with...

- Less Waste
- More Wildlife and Wild Places
 - Less Traffic
 - Cleaner Air
- Food and Energy Independence
 - Sustainable Tourism
- Cleaner Rivers, Seas and Towns
- A community that believes that by working together all of the above is possible!

Our Mission

Normally this is where we say what we want to be
but we can say this is what we are doing right now:

- We are a growing hub of people of different ages, backgrounds and professions who share the same determination to protect and enhance our beautiful home – Purbeck. Plus, we want to make our contribution to tackling the global Climate & Ecological Emergency. We are a movement now of over 800 people. [Join us!](#)
- We are creating change through supporting local environmental projects. See some of them here: [Wareham Quay](#), [Summer News Update Coming very soon!](#)

- We are amplifying and supporting all the individual and organisational efforts of our community. Here are some examples: [Planet Purbeck Festival](#), [Popular Online Events](#), [Facebook](#), [Twitter](#), [Instagram](#)
- Working collaboratively with our local councils and NGOs [Dorset Local Plan](#), [Dorset Council's Climate Strategy](#),
- We have achieved this because of you and everyone else in our community coming together with the resolute belief that we are Stronger Together!

And the best part is... this is just the beginning.....[Join us!](#)

Everyone is welcome
